

Custom creations inspired by you.

RICH HISTORY. CONTEMPORARY APPROACH.

We believe the best adventures are limitless. That's how we have approached business since we were founded in 1863. Our experienced artisans bring the finest custom craftsmanship to homes, businesses and other spaces around the world.

RENOWNED CUSTOM FURNITURE. INSPIRED BY YOU.

Your inspiration drives us to design and create custom pieces that reflect your very own style. Our creations have been honored to receive numerous awards from multiple trade magazines and organizations including Custom Woodworking Magazine.

We have earned and enjoy a solid reputation for design excellence and exceptional craftsmanship.

“Unprecedented achievement
having the overall winner two years
running — and richly deserved.”

Tom Gleason, Judge for the Design Portfolio Architectural Awards

CUSTOM DESIGN. DEDICATED TEAMS.

You are the greatest inspiration to our craftspeople. As we work together, we incorporate your personality and lifestyle into the design.

Our artisans use state-of-the-art technology along with years of experience to ensure the precision and quality of each custom creation.

From material selection to final installation, our team of joiners, designers and project managers work with you to create custom pieces that are uniquely yours.

EXPECT THE BEST IN EVERY STEP.

From start to finish, we keep you involved.
Our 10-step process is designed to be simple,
yet meticulous, and ensures a strong partnership
throughout the creation of your unique
custom pieces.

01 START-UP MEETING

You will meet with our designer so we are able to better understand your requirements, needs and design elements.

02 CONCEPT DESIGN

Design elements are incorporated into preliminary concept drawings for your review.

03 FINAL DESIGN DEPOSIT

A signed Design Agreement and deposit allows us to finalize the remaining project design details.

04 FINAL DETAILED DEVELOPMENT

When the design elements are chosen and sketches are approved, a price and schedule for the project will be presented.

05 AGREEMENT

Once design revisions are complete, a final price is determined, and the build agreement is established.

06 PROJECT COMPLETION

When complete, our team will thoroughly inspect your project and prepare it for your assessment.

07 INSPECTION

Visiting Burger is the best way to inspect your project and meet the creators. If you can't make it in person, we will send high-resolution photos and set up a video conference call for you to review your project.

08 ACCEPTANCE

Prior to final billing, we require an official acceptance.

09 BILLING

One final invoice will be presented and paid based on the terms of the agreement.

10 DELIVERY, INSTALLATION AND FOLLOW-UP

We will provide you with the delivery details and closely monitor your shipment every step of the way. Your designer will provide care and maintenance information to ensure a lifetime of enjoyment. After delivery, we will reach out to you to answer any questions and to request feedback.

CUSTOM CREATION. FAMILY HEIRLOOM.

Each project inspires our artisans to build cherished custom pieces that are a reflection of you.
